BEARS CLAIM RIGHT ON MARKET ROW TO RULE THE MARKET

Gain in the Red Metal Followed Everything in Sight in Great Sentiment in Wheat Pit Is Depressed All Day and Trading Is Light.

> CHICAGO, Dec. 23.—Sentiment in the wheat pit was bearish all day and the volume of business was small. The market opened weak and prices failed to advance above the initial quotations. The principal cause for the decline was a slump of 14d at Liverpool, caused by reports of good harvesting weather in Argentina and by the liberal world's shipments for the week, the total movement being 8,490,600 bushels, against 8,080,000 bushels last week. The market closed weak and near the lowest point. May wheat opened at an extreme decline of 14@14c at \$1.051 to \$1.052, sold off to \$1.044 and closed at \$1.05. Christmas trade on Market row was as proportionately heavy as any place in city and from the crowd that lined der their arms Monday it would appear der their arms Monday it would appear

\$1.054, sold off to \$1.044 and closed at \$1.05.

The corn market opened weak because of later cables, large local receipts and the decline in wheat. Later the market became firm because of a good demand for cash corn and held firm until the close. May opened to be lower at 572c to 572c, advanced to 584c and closed at 574c.

Onts were weak all day. A slight rally took place in sympathy with corn, but later prices fell off on moderate selling of the May option. May opened 2c lower at 532c, advanced to 5526/54c, and then declined to 53c. The close was at 534c.

The provision market was inclined to be weak on the selling of lard by packers. This offset a loc advance in live hogs. At the close May pork was 10c lower; lard was down 74c and ribs were 5c lower.
